COSE'E' ART NOUVEAU WEEK

La corrente artistica Art Nouveau

di Monica Belfio

Art Nouveau week, meglio conosciuta come la settimana internazionale che celebra il Liberty è una kermesse che si ripete ogni anno dall'8 al 14 luglio. La prima edizione risale al 2019 medesimo anno in cui venne fondata l'associazione Italia Liberty, ente di promozione sociale che ha pensato e organizzato l'evento.

L'idea nata dal suo fondatore, Andrea Speciali prende origine quando passeggiò l'anno prima tra le vie di Sarnico, città nel bergamasco votata all'arte Liberty per le ville che progettò l'architetto Giuseppe Sommaruga su commissione della famiglia Faccanoni.

Proprio in questo borgo in cui parallelamente suscita anche l'idea di costituire in una delle ville quello che è il primo Museo del Liberty in Italia venne l'idea di un festival culturale sul tema.

L'autore e attuale presidente dell'associazione, esperto d'arte Liberty e ha individuato dopo un attento studio di canalizzare in una settimana un colorato programma di attività tra visite guidate, mostre, convegni, performance incentrate nel periodo della Belle Epoque valorizzando la figura di Sommaruga assieme a quella di protagonisti principali della corrente artistica europea.

Così Andrea Speciali coniò la settimana del Liberty: Art Nouveau week. Un periodo che nella seconda settimana di luglio coincide con la ricorrenza sia dell'anniversario della nascita di Giuseppe Sommaruga, uno tra i protagonisti del Liberty italiano, che di quello di Gustav Klimt, insuperabile artista della Secessione viennese, nonché di altre numerose occasioni celebrative e di rilettura di personalità artistiche quali Otto Wagner, Giovanni Michelazzi, Salvatore Gregorietti, William Henry Bradley, Siegmund von

Suchodolski, Michele Tripisciano, Vincenzo Ragusa, Fernand Allard l'Olivier e Charles Cottet. Figure tutte nate ogni giorno dall'8 al 14 luglio fino al termine di Art Nouveau week quando in quello stesso giorno nasceva nel 1862 il celebre pittore della secessione viennese, Klimt e oltre oceano nel 1939 moriva Alphonse Mucha che nell'immaginario collettivo è forse il primo illustratore, autore della corrente artistica a cui associamo le sue grafiche per collegare, finire il periodo felice dell'Art Nouveau.

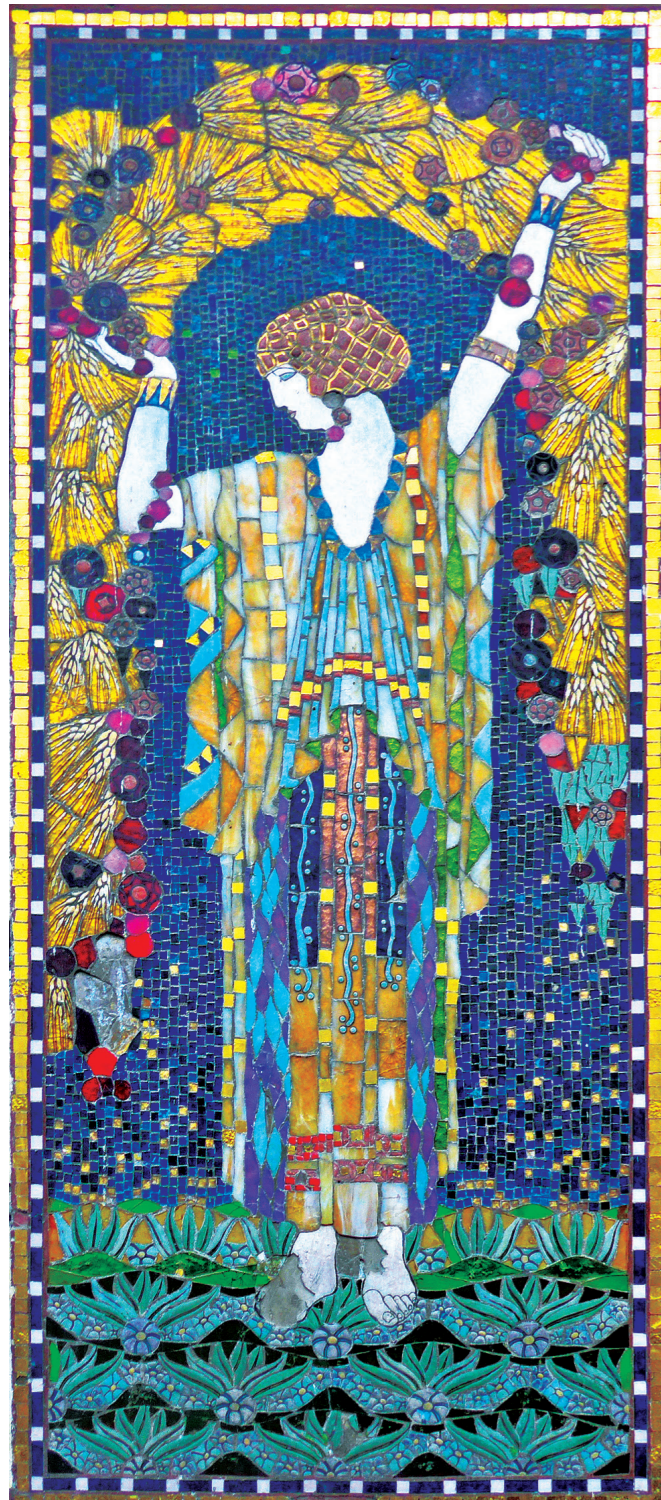

Un'occasione unica durante l'anno per assistere anche al convegno che coinvolge studiosi da tutta Europa per porre sotto i riflettori studi, ricerche e scoperte nel campo di quest'arte nuova. Gli spinoff dell'associazione Italia Liberty come "The world Art Nouveau", "Romagna Liberty", "La Spezia Liberty" e il più recente "Chini 100" sono stati flash sui social che hanno chiamato all'ordine un pubblico espanso di ogni ordine e grado interessato a seguire un'arte quella del modernismo che dagli anni Ottanta agli anni duemilaedieci era stata quasi dimenticata dall'attenzione critica con poche attività e scarsa di interesse pure commerciale.

Perciò il valore scientifico oltre che culturale-divulgativo si evidenzia con quelle attività come conferenze rivolte più agli addetti ai lavori con la valorizzazione di pittori, scultori, grafici della storia che hanno prodotto opere più o meno simboliche durante il periodo dell'Art Nouveau. Percorsi di visite guidate in Sicilia nelle ultime edizioni della kermesse hanno riportato all'attenzione le opere di Gregorietti che a Catania fu autore di notevoli decorazioni in ville soprattutto private.

L'esclusività che promette l'organizzatore è di rivivere il sogno della Belle Epoque permettendo l'ingresso in sontuose ville e meandri riccamente ornati nel gusto di allora e toccare con mano quei manufatti tra mobili e oggetti d'arte fino a libri illustrati che raramente si trovano pubblicati nei libri di storia dell'arte.

Seppure nel presente catalogo-programma troviamo solo una parte di eventi rispetto agli effettivi che si raggiungono online tramite il sito web dell'associazione Italia Liberty - www.italialiberty.it - tutto il calendario eventi alla quinta edizione promette un'attenzione particolare rivolta all'aspetto poetico, filosofico e politico trattata da critici letterari e figure di rilievo contemporanee in voga sul territorio internazionale nei rispettivi campi, lo spessore culturale che hanno simboleggiato autori come William Morris, John Ruskin o Filippo Tommaso Marinetti insieme ad altri protagonisti nel periodo dell'Art Nouveau.

Senza tralasciare alla raccolta poetica "Ossi di seppia" di Eugenio Montale, pubblicata il 15 giugno 1925 a Torino da Piero Gobetti che come ha citato Vittorio Sgarbi in una delle conferenze di Art Nouveau week trova affinità al tema.

esperienza di una settimana con laboratori in cui si impara a cucire con la tecnica del merletto scoprendo quello che era la produzione di Aemilia Ars in Emilia-Romagna.

Sono stati numerosi autori che hanno prodotto opere dal campo artistico a quello letterario senza scordare gli aspetti politici che hanno avuto un loro rilievo nella produzione e tutto questo merita di essere riscoperto tramite opportune attività culturali. Il sito dell'associazione che censisce tutti i beni artistici e architettonici italiani e nell'ultimo periodo ha esteso la raccolta su tutto il mondo come aveva e continua l'operato con lo spinoff "The world Art Nouveau" alla quinta edizione di Art Nouveau week annuncia che l'impegno sul territorio rispetto al vigilare sul patrimonio culturale ha portato a felici sorprese come la restaurazione di villa Zanelli a Savona dopo venticinque anni di abbandono e degrado. Lavori da premiare che le pubbliche amministrazioni hanno raggiunto con passione e dedizione come A.R.T.E. Genova in questo singolare caso.

La villa savonese è una delle tappe più attese per la settimana internazionale del Liberty e come lei anche altre dimore come Majorelle a Nancy sono state oggetto di importante restauro e oggi tutte da visitare con i percorsi che l'associazione propone.

All'epoca l'arte Liberty nell'architettura non ebbe successo ovunque, ad esempio in una città come Rimini la pubblica amministrazione cancellò violentemente tutte quelle decorazioni nei progetti di ville, villini e alberghi che gli architetti presentavano. Solo il Grand Hotel per l'imponenza della committenza fu un caso eccezionale. Altri edifici riuscirono a presentare qualche cimasa o balaustra di stampo comune ad altri edifici italiani. Un po' come avviene oggi con modelli decorativi comuni a tutti che ornano gli edifici. Ma lasciatevi affascinare in questo viaggio dalle guide, critici d'arte e i proprietari di edifici assieme agli antiquari e collezionisti che in una vita hanno vissuto questi capolavori del periodo Liberty perchè il piacere a volte si cela in quegli aneddoti che spesso non si raccontano.

Anche la moda trova un palcoscenico in questa

Si rinnova l'appuntamento della Settimana Internazionale del Liberty: Art Nouveau Week, manifestazione internazionale dedicata alla corrente culturale e artistica di inizio Novecento nelle sue più molteplici espressioni.

La quinta edizione organizzata dall'Associazione Italia Liberty e curata da Andrea Speziali insieme a un comitato scientifico e d'onore di tutto rispetto, offre un palinsesto di appuntamenti che ripercorre le strade dell'Art Nouveau dall'8 al 14 luglio 2023 in tutta Europa, prevalentemente con attività di visite guidate, mostre, performance, convegni e spettacoli in Italia.

Oltre 500 edifici fruibili al pubblico che testimoniano una mostra a cielo aperto, 300 percorsi di visite guidate giornaliere fino a sette giorni, grandi mostre con i protagonisti Hector Guimard e sul pittore Galielo Chini, le cui opere campeggiano nell'immagine coordinata del festival e tre convegni sulla corrente artistica dell'Art Nouveau a Torino, Mirandola e Altare.

Il calendario promosso dall'Associazione ITALIA LIBERTY, con il patrocinio di Ministero della Cultura, Enit e altri enti sarà rivolto a chiunque voglia immergersi nelle suggestive atmosfere dell'Art Nouveau, in tutto il mondo.

Il fulcro della manifestazione sono le visite guidate in edifici normalmente chiusi al pubblico. Un'occasione unica per riscoprire questi gioielli architettonici. A Torino ingressi speciali nelle ville di Pietro Fenoglio. Sempre dello stesso architetto apre al pubblico dopo un accurato restauro conservativo villa Zanelli a Savona che dopo vent'anni di degrado torna a splendere come una fenice. Fu nel 2015 Andrea Speziali, presidente di Italia Liberty a denunciare con un post su facebook il cattivo stato conservativo e come un tam tam di commenti infuocati qualcosa dalla Regione, proprietaria dell'immobile si è mosso.

Sarà prodotto anche il catalogo di ART NOUVEAU WEEK con all'interno nuove scoperte scientifiche sul Liberty come i disegni inediti progettuali di villa Zanelli o alcuni affreschi in palazzi Liberty torinesi, tavole di Ernesto Basile insieme al censimento straordinario di tutti gli edifici e monumenti della corrente artistica. Un lavoro senza precedenti che il curatore ha portato avanti in sedici anni di studi e ricerche raccogliendo oltre 14.000 siti architettonici sparsi nel mondo. Lo stesso Vittorio Sgarbi, padrino del festival ha espresso complimenti e stupore al tempo stesso per il minuzioso lavoro di ricerca.
